SPECIAL T. ROWE PRICE PODCAST EPISODE EXPLORES IMPACT OF BEHAVIORAL BIAS ON INVESTMENT DECISIONS

October 6, 2025

T. Rowe Price Investment Institute head Justin Thomson decodes investing bias with best-selling author and former world poker champion, Annie Duke

BALTIMORE, Oct. 6, 2025 /PRNewswire/ -- T. Rowe Price, a global investment management firm and a leader in retirement, announced the latest episode of "The Angle," an investment-themed podcast focused on timely topics shaping financial markets.

T. Rowe Price

In "Beyond Luck: Behavioral Science and the Art of Decision Making with Annie Duke," T. Rowe Price Investment Institute head Justin Thomson explores the intricate relationship between human behavioral biases and investment decisions. He discusses the heightened emotional impact of investment losses compared to gains and the common pitfalls investors face. His guest, Annie Duke, best-selling author, former world poker champion and decision science expert with a PhD in Cognitive Psychology, shares her unique insights on these topics.

"In this episode, Annie provides a compelling analysis of how our inherent biases can cloud our judgment and affect our investment strategies," said Thomson. "Her expertise in decision science offers valuable perspectives on embracing uncertainty and improving decision-making processes. This conversation is a must-listen for anyone looking to enhance their investment acumen through the lens of behavioral science."

This special episode highlights the mission of the T. Rowe Price Investment Institute to enhance the firm's investment talent development and strengthen the delivery of T. Rowe Price's proprietary investment insights to clients.
